Spring, the source of all good things and emotions, evolves itself from initial sprouting to seasonal glory.

Taking inspiration from nature, Dapple yarn imitates the vigor and viridity of verdant spring to come up with series of top-dyed specialty yarn with vivid colors and unique styles.

Dapple yarn carries on its inherent colorific glamour. Just like sprout going through the course from germinating to blooming, the Dapple yarn starts its journey from color innovation to the ultimate transformation of fabric and apparels by adding color splendor. Contains with polychromatic colors within a single yarn, this serie features light and dark shades that interact each other amazingly to create hazy but mottled visual attractiveness, showcasing picturesque beauty of balance. It brings further inspiration to designers facilitating a creative color collocation and improves the visual appeal on apparels.
